

WHITEHORSE
INDUSTRIES

Covid-19 UPDATE

Dear Valued Customer

Under the Victorian Government Covid-19 Stage 4 restrictions we wish to confirm that Whitehorse Industries P/L is permitted to remain operational, using a reduced staff content to supply our essential service customers throughout Covid-19 shutdown.

Whitehorse Industries manufactures a wide variety of components for many essential service industries including Mining, Trucking, Defence, Public Transport, Medical, Dairy and Energy providers just to name a few.

Whitehorse Industries will be strictly adhering to the Victorian Governments Rules of Trading restrictions and requirements that they have set out. All staff are adhering to Government directives including wearing of face coverings and complying with all lock-down measures including daily temperature testing and recording. Screens have been installed in the office and in-between front desk staff and social distancing and hygiene practices are adhered too across the business.

All staff have been addressed and understand the Potential Risk Identification factors and associated procedures if they happen to feel unwell. Couriers will be permitted to deliver / collect all goods as per usual with all Contactless precautions and restrictions taking place.

We are asking all general visitors NOT to visit our premises during this Stage 4 lockdown Period. We will keep you updated on any changes to our operations as the situation continues to evolve.

We urge everyone to stay safe and look after one another, continue to support businesses as we work through this tough time together.

Kind Regards,

Directors

Geoff Tobias, Adrian Gillam & Craig Winters
